Maslina Experiences

Our expert concierge team led by Zorana will be delighted to learn about your interests so you can plan the ultimate outing together.

There are many secrets on Hvar Island to uncover. Whether you opt for the land or the sea, your Hvar exploration begins at The Club, where our Activities & Excursions expert team will craft an experience tailored to your wishes.

Croatia is a paradise for those looking to explore the Adriatic. Speed boat excursions to the nearby islands, diving, snorkeling, paddleboarding, windsurfing, and kitesurfing are some of the most popular water activities on the Adriatic Coast.

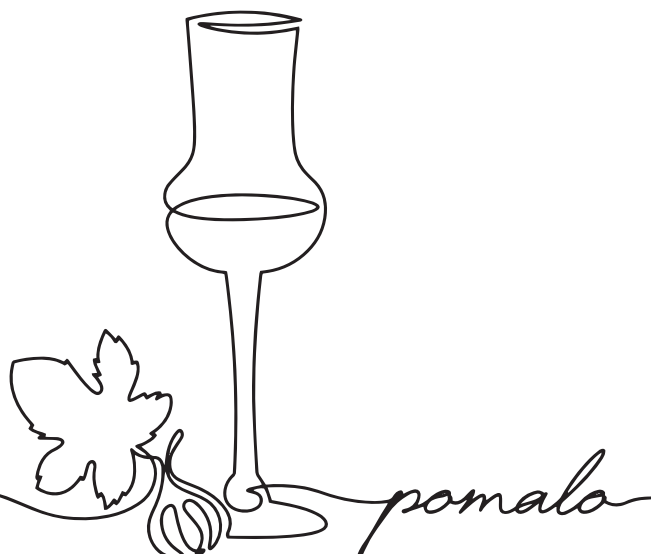

The region is also ideal for trekking, with many hiking paths connecting the southern and northern parts of the island through olive trees, lavender fields, and vineyards. Another way to explore the island is by bicycle. Discover the hinterland villages or cruise the plains; whether you are a beginner or an expert rider, our team will tailor the perfect tour for you.

Gourmet travelers can delight in wine tastings at taverns while learning about the history of viticulture on the island, paired with local dishes harvested from the UNESCO-protected Stari Grad Plain. Stop by the Wine & Culture Club to explore some ideas, like a Masterclass with Master Winemaker Jo Ahearne.

Our team will guide you through living cultural monuments, picturesque ruins, charming stone houses, and natural wonders. Whether you want to explore the island or visit a family estate, konoba-style restaurant, or wine cellar, our professional guides will share the stories of local families and give you insight into their lives, decorated with sacred traditions and unique customs, long before the start of tourism.

Hvar is equally rich with entertainment, with dozens of festivals and events to enjoy throughout the year.

TOURS & ACTIVITIES

THE PHAROS STORY ISLAND DISCOVERY TOUR

Venture beyond the tourist track and into the heart of authentic Hvar. Uncover the stories of hard-working families that shaped the island's landscape and history. Experience the vibrant culture, intriguing past and modern life on the island, while tasting your way through the most outstanding wines and local specialties. Discover UNESCO-protected dry stone walls that lace the landscapes of its steep hills. Stroll the narrow, cobblestone streets of Stari Grad – one of the oldest towns in Europe. Learn about the UNESCO-protected Stari Grad Plain – “the belly” of the island that has fed its people since the ancient Greeks roamed. Taste some of the island's exquisite wines in authentic wine cellars and feel the charm of hinterland villages and local families that will welcome you for a home-cooked meal.

TOUR TYPE:

Nature, Culture & History, Wine & Gastronomy

TOUR DESCRIPTION:

The tour begins with a visit to Velo and Malo Grablje, two villages that helped Hvar earn the 'lavender island' title. The people of Velo Grablje transformed the landscapes of hills by removing stone from the soil to farm. This is how networks of dry stone walls, now protected by UNESCO, came to be. Preserved to this day, they are a testimony of dedication and hard work, survival and struggle, pride and perseverance.

The tour continues in Stari Grad, where you will enjoy its rich history and cultural landmarks while strolling its cobblestone streets, fully embracing the traditional 'pomalo' lifestyle. Old Dalmatian stone-walled houses form into narrow Mediterranean streets, which are beautifully preserved and look almost surreal, as if you traveled back in time.

In Jelsa, with locals open-hearted to its visitors, you will enjoy some of the island's exquisite wines made from indigenous grapes on the island. The unique wines are paired with olive oil and are served in an old and intimate wine cellar, where you can chat with the winemaker and explore the island's viticulture tradition, which spans across 24 centuries.

The tour continues with a drive uphill to the hinterland villages, where you will have the chance to experience the vast views of the Stari Grad Plain, a UNESCO World Heritage Site. This fertile land is protected as the best-preserved ancient geometrical system of land division in the Mediterranean, used by the ancient Greeks. The landscape, featuring Greek and Roman stone walls, renaissance chapels, trims and small shelters, olive groves, and vineyards, has been virtually intact for over 24 centuries. The tour ends with a visit to a local family konoba-style restaurant, where you will enjoy a personalized experience and traditional meal prepared by your hosts, using all local ingredients.

INCLUDED:

WINE HEDONISM
WINE TASTING
TOUR

Let the wine speak for itself. As if the relics of Hvar's past, heritage and hard work are joined in a glass of wine, and released while sipping it, to narrate the most authentic story about the island. The 2400-year-old tradition of viticulture on Hvar Island began in 384 BC when the Greeks brought grapevines and planted them on the fertile fields of ancient Pharos. Today, Hvar winemakers continue nourishing the long tradition and are proud to present the best of Hvar's natural potential, centennial hard work, and culture in their wine glass. Have an unforgettable wine experience visiting Hvar's premium winemakers.

TOUR TYPE:

Wine & Gastronomy, Culture & History

TOUR DESCRIPTION:

The tour begins with a short stroll through the old town of Stari Grad. The beauty of this ancient center is undeniable. Cobblestone streets, aged stone houses, charming shops, flowered squares, churches and chapels, and the intoxicating scents of classic Croatian cuisine seeping through its restaurants will satisfy all senses.

The tour continues with a short drive to Jelsa, the winemaker's center of the island. There, you will have the chance to learn about the old tradition of viticulture and winemaking on Hvar Island. Inherited from ancestors, and passed on to descendants, a grapevine represents a life circle, and the bare essence of life. It is the symbol of a hard worker, their struggles and hopes, failures and achievements, through many difficult years on the island. From steep southside vineyards that cultivate sunbathed Plavac Mali to the native Bogdanuša that grows only in the UNESCO-protected Stari Grad Plain, Hvar is indeed the place to enjoy a glass of top-quality wine.

The tour ends with a drive back to the resort where we suggest a dinner paired with the wine you tried on the tour. We assure you it is the best way to complete your wine tasting experience.

INCLUDED:

Private driver/guide, transfer in airconditioned car or minivan, sightseeing of Stari Grad, entrance to the sights, wine tasting at 2 wineries accompanied with refreshments and olive oil

**THE
LAVENDER
PATH
ETHNO ECO
VILLAGES
& HVAR TOWN
TOUR**

Experience Hvar's past and present in one day. Discover how the serenity and peace of nearly abandoned villages contrast with the glitz and glamour of Hvar town. The stories they tell will give you insight into the lives of the islanders and how they evolved through the decades. Learn about the romantic but also difficult side of the island's past, and uncover the beginnings of tourism that shaped the island today. Did you know that -fifty years ago, 8% of the world's total lavender production came from Hvar Island? Discover the unique role of Velo Grablje village in Hvar's lavender history. Imagine the hard work of farmers that formed breathtaking dry stone walls that network the landscape. See the beautiful folk architecture of small villages, coupled with the pristine Venetian architecture in Hvar town. Enjoy the most stunning views of the Pakleni Islands from the Hvar fortress. Enjoy an unmatched meal in an abandoned village, nestled in a spectacular stone canyon surrounded by untouched nature.

TOUR TYPE:

Nature, Wine & Gastronomy, Culture & History

TOUR DESCRIPTION:

The tour begins with a panoramic drive to Hvar town. Hvar is one of the most beautiful Croatian ports, decorated in white stone and surrounded by pristine nature. It is a town where stunning Venetian architecture, ancient fortresses, and twisted alleyways meet charming restaurants, vibrant cafes and luxurious yachts docked in its harbor. The oldest theatre in Europe, City Fortress, and St. Stephen's Cathedral are just a few of many places that mix history and architecture. None, however, should be missed.

The tour continues by seeing the UNESCO-protected dry stone walls that transformed Hvar's landscape into beautiful lace made of lavender, stone, olives, and vines. These walls tell the story of dedication, hard work and harsh realities of life on the island, sometimes foreseen in other, more glamorous stories of Hvar. Amidst these monuments of hardworking islanders is the small village of Brusje. Founded as a shepherd settlement in the 16th century, it still displays rustic stone houses connected in the picturesque architectural complex. Not only the ambiance of such a place, but the scents and the fresh air, coupled with a view of the nearby islands, make for an unforgettable stop. Velo Grablje is a living postcard, and while walking through its narrow streets, you will breathe in ancient times. Today, the village has less than ten inhabitants. It attracts attention due to its pristine beauty, a heritage that tells a warm story of Hvar's ancestors, and a festival dedicated to lavender. Leaving Velo Grablje along the dry brook line, you will approach Malo Grablje, an abandoned village where you will end your tour with lunch in a spectacular setting at a family-owned konoba.

INCLUDED:

Private driver/guide, transfer in airconditioned car or minivan, sightseeing of Hvar town, sightseeing of Valo Grablje, entrance to the sights, 3 course meal at konoba restaurant .
